

Soukita (Kita) Keopanapay
Business Analyst

Soukita (Kita) Keopanapay just graduated in December from Saint Martin's University with a BA in Business Administration and a concentration in Management. Kita was heavily involved in school as the President and Founder of the Asian Student Association, Senator of Business, and Student Orientation Coordinator. Kita has been working with ISG for 1 year as an HR Assistant, and is excited to jump into a new role as a Business Analyst. She is now a key player in ISG's recruiting, proposal desk, and business development efforts, and is hoping to grow both personally and professionally within the firm. Kita hopes that her outgoing personality, organizational expertise, and willingness to learn will strengthen our already fantastic team.
