

Carl Greer
Senior OCM Consultant

ISG is pleased to announce that Carl Greer has joined the ISG OCM Practice as a Senior OCM Consultant. Carl brings over 30 years Washington State experience in roles ranging from payroll manager to change manager. Most recently, Carl worked with Pacific Sound Energy (PSE) as a Senior OCM consultant. In addition to OCM, Carl brings competencies in OD, Lean and DEI to his new role.

Carl is an advanced certified Prosci practitioner and trainer. He holds multiple certifications associated with organizational development such as Crucial Conversations and Strength Finders and is a Six Sigma Yellow Belt.

As if these many talents were not enough, Carl has coached football for years and is known in the community as a natural youth mentor. He is a laid back, calming presence, and a wonderful human. In his spare time, you may find Carl out riding his bike, “yard” kayaking or taking the boat for a spin on one of our beautiful PNW bodies of water. He has two amazing kids that are his priority. Carl is a truly fun person, loves to joke and is always good for a great story and deep belly laugh.
